

## SCANDAL GROWS IN SCHLEY CASE

Evidence Shows Petty Jealousies and Meanness Toward Admiral.

## FACTS MADE CLEAR

Full Investigation Promises to Uncover Damaging Facts Against the Navy Ring.

## TAMPER WITH PAPERS

Washington, Oct. 7.—A chapter a day now seems to be the outlook in the Schley inquiry. It had been expected that Lemly would complete his presentation of the case against Schley last week, but now it looks as though he would not be able to do so before Saturday.

A number of the charges made against Schley, such as withdrawing his ships at night twenty-five miles from Santiago, have been wholly disproved. The interest now centers in the retrograde movement from Santiago to Key West for coal and it will be for having ordered this movement if anything that Schley will be reproved by the court. It is on this point that Lemly has made his strongest showing.

## Victim of Petty Jealousies.

The week's proceedings have shown clearly that Schley was the victim of petty jealousies and meanness almost without parallel in the history of any navy. Evans confessed that he had withheld from Schley at Glenfuegos the secret code which would have enabled Schley to communicate with the insurgents as early as May 22 and thus found out that the Spaniards were not at that port forty-eight hours before he obtained the information.

All the testimony has agreed that Sampson's charge that Schley conducted a blockade at a distance of twenty-five miles from Santiago was groundless and malicious; that the blockade was exactly similar to Sampson's own blockade conducted at a later period and that it was maintained with attention to detail that equaled Sampson's effort.

## Disclosures of Lieut. Doyle.

Perhaps the most sensational development of the week was the disclosure by Lieutenant Doyle that Sampson was notified on the night of July 2 that the Spanish fleet was preparing to leave the harbor on the following morning. In spite of this warning Sampson sailed away a half hour before the battle began. The Brooklyn's loop has occupied much attention from all the witnesses during the last week, including Evans, but the testimony has only demonstrated that the maneuver was not a menace to any ship of the squadron, while it placed the Brooklyn in a commanding position to destroy the Spanish ships that were flying up the coast to escape.

## Planned to Injure Schley

A casual study of the evidence thus far introduced before the Schley court of inquiry brings one fact out with painful clearness, and that is that a great many of the officers attached to the flying squadron during the West Indian campaign did everything in their power to injure Admiral Schley.

## Commander Rogers, the executive officer of the Iowa, during the war was the first witness on the stand this morning. He merely made minor corrections in his printed testimony.

## CHILDREN DIE BY HUNDREDS.

Weekly Death Rate in British Refugee Camps Averages 250.

Bloemfontein, Oct. 7.—There are now 6,500 white persons in the various refugee camps here, while there are nearly 46,000 in the various camps in the Orange River Colony. These require sixteen railway truck loads of food-stuffs weekly. The weekly death rate averages 250, mostly from measles. Fifty per cent of the victims are children under 3 years of age. The trains passing north are filled with women and children returning to the Rand. Thirteen burghers have lately taken the oath of allegiance here. The agricultural department of the Orange Free State, acting in conjunction with the military, is inducing the people to take up agriculture by supplying seeds and plows. Natives living near the railway from Bloemfontein to the Vaal river are taking advantage of this, and plowing is progressing under the protection of the military garrisoning the blockhouses. The Bedfordshire regiment, which is garrisoning Sanna's post, has lately commenced growing vegetables. The troops have dug up a quantity of soup plates, basins, cups and saucers.

## Suicide Has Riches.

Chicago, Oct. 7.—Under the shadow of the Grant monument in Lincoln park, Patrick W. Dickey, a Chicago jeweler, who lived at the Kimball hotel, 262 Clark street, shot and killed himself. When he was found a moment after he had fired the fatal shot four trays, each containing a dozen diamonds, a dozen opals and a dozen sapphires, were found in his possession. The jewels, now in the custody of the Larabee street police, represent a value of at least \$20,000.

## CANCER IN THROAT OF KING EDWARD

Reported That His Condition Is Serious, and Gives His Physicians Much Anxiety.

London, October 7.—King Edward again went out driving today and every effort is being made to reassure the public as to the condition of his health. It is learned, nevertheless, that his condition gives his physicians considerable anxiety. There is no longer any doubt that his throat trouble has developed into a cancer. The trouble is in the early stage but instead of yielding to treatment has steadily grown worse.

## Robert Burke Under Bond

Chicago, Oct. 7.—Robert Burke, city oil inspector and democratic boss of Chicago, who was indicted Saturday for alleged embezzlement of twenty-three thousand dollars of the city funds, surrendered this morning and gave a twenty-five thousand dollar bond.

## FATHER JUNGBLUD HANGED IN EFFIGY

Measures Taken at Neillsville to Protect the Priest from Suffering at Hands of a Mob.

Neillsville, Wis., Oct. 7.—Father Jungblud, charged with brutally assaulting Mary Prim, an orphan girl in his household, was brought before Justice Dudley Saturday for his preliminary examination. For the first time he was made acquainted with the seriousness of the charges against him and his housekeeper, Miss Nolan, and asked for adjournment until he could get counsel to defend him.

He was hanged in effigy last night to an electric light pole on Main street, the image having a prayer book in its hand and being labeled "Jungblud, the assassin."

The authorities were kept busy nearly all day trying to prevent the organizing of a mob to storm the jail. Nothing has ever occurred here which has aroused such universal indignation and excitement as this occurrence.

An adjournment was granted until Oct. 16, and bail not being secured, both parties were again committed to jail. The condition of the little girl who was assaulted was slightly improved today and doubtless she will recover.

## PROTECT LIVE STOCK

Wisconsin and Minnesota Sanitary Boards To Co-operate—Dr. Roberts Says State Is Clear of Disease

Madison, Wis., Oct. 7.—At a meeting of the State Live Stock Sanitary board here Saturday State Veterinarian E. D. Roberts of Janesville and Dr. H. L. Russell of this city were elected a committee to meet the Minnesota live-stock board at Minneapolis next Tuesday and arrange if possible for a co-operation of the two boards in the inspection of western horses brought into the two states. The two boards believe it is from this source that the fatal disease of glanders comes. It is thought that one inspecting officer at St. Paul can do the work necessary for both states. The Wisconsin board will hold a special meeting here a week from next Saturday to receive the report of the committee.

Dr. Roberts said at present that there were comparatively few cases of glanders or hog cholera in the state. He also said that the epidemic of influenza among horses was rapidly subsiding.

## TROOPS FACE TO FACE

Large Bodies of Soldiers Confronting Each Other on the Colombian, Ready to Fight.

Caracas, Venezuela, Oct. 7.—An envoy of the Venezuelan government who has just arrived from the Colombian frontier, sends a message to Caracas as follows:

"For two weeks prior to Oct. 3 the Venezuelan troops concentrated between San Cristobal and Cucutia, estimated at 8,000 men, had not discharged a single shot against the Colombian masses before them, under the command of General Valencia, and estimated at 6,000. Both sides remained inactive."

"The government of Venezuela, before attacking, awaits the answer of Colombia to the Venezuelan note."

## DISS DE BAR IN LONDON.

Is Under Arrest on Several Charges of Swindling.

New York, Oct. 7.—A dispatch to the World from London says that the mysterious prisoner at Marylebone police court who has been three times remanded under the name of Laura Horos, and about whom the police inspector who made the arrest has promised "staggering disclosures," has been identified as Ann Odella Diss de Bar, who served a term on Blackwell's island for swindling Luther C. Marsh thirteen years ago and who has since been imprisoned in the west and in Italy for impostures similar to that for which she is now under arrest. There are several charges against her of the same nature as in the Marsh case—namely, swindling by means of clairvoyance and spiritualism.

## BISHOPS OF EPISCOPAL CHURCH DISCUSS MARRIAGE AND DIVORCE

An Amendment to the Canon Likely To Be Adopted Forbidding Episcopal Ministers to Marry People Who Have Been Divorced.

San Francisco, Cal., Oct. 7.—The house of bishops of the Episcopal church this morning took up the remaining amendments to the constitution. As soon as this question is disposed of the bishops will take up the report of the committee on marriage and divorce. The committee has reported, by a vote of 11 to 1, in favor of amending the canon of the solemnization of matrimony, by adding the following section:

"No minister shall solemnize a marriage between any two persons unless, nor until by inquiry, he shall have satisfied himself that neither person has been or is the husband or the wife of any other person living, unless the former marriage was annulled by a decree of some civil court of competent jurisdiction for cause existing before such former marriage."

The committee, in offering this amendment, does not discuss the question of the remarriage of divorced persons, nor refer to the belief held by many persons in the church that an innocent party in a divorce obtained because of adultery, in which he or she is found to be the innocent party by a court of competent jurisdiction.

This report is one of the principal bones of contention in the present general conference. The majority report of the committee, signed by Dr. Morgan Dix, as chairman, goes on to say that in his judgment no successful action can be had in amending the constitution of the United States so as to make uniform the law of marriage and divorce in the United States, and that the only practicable way of securing such uniformity is the enactment of similar laws by the several states.

## FATE OF MISS STONE HANGS IN BALANCE

Not Half of the \$110,000 Needed for Her Ransom Had Been Raised at Noon Today.

Boston, Oct. 7.—Up to noon today only thirty-five thousand of the necessary one hundred and ten thousand to ransom Miss Stone, the American missionary kidnapped by the Macedonian brigands, was received by the Kidder, Peabody & Co. banking firm who have charge of the fund. All the money must be in or pledged by the close of banking hours this evening in order to prevent the murder of Miss Stone.

## THEIR HONEYMOON ON AN OPEN BOAT

Capt. William Andrews and Bride Start from Kenosha on Their Trip Across the Atlantic.

Atlantic City, N. J., Oct. 7.—Captain William Andrews, formerly the "Lone Mariner," and his bride of six weeks set sail at 4:30 yesterday afternoon on their trip across the Atlantic ocean in the smallest boat that ever made the attempt. Ten thousand persons gathered on the ocean pier and strand to see the voyagers off. The captain first boarded his craft and put everything in readiness. He climbed the mast and rocked the craft to see how it stood the strain.

Mrs. Andrews, attired in man's clothing, was brought alongside in a yawl and jumped into the boat, which is named the Dark Secret. Sails were raised and the boat made due east. It was watched with marine glasses until hidden from view. The craft is sharp at both ends and is out of proportion in the middle and is painted black. It is 13 1/2 feet long, 5 feet beam, and 2 feet deep, and is fat bottomed. Three hundred pounds of lead are on its keel to prevent capsizing.

The boat is packed with provisions and ninety-five bottles of drinking water. As each bottle is emptied it will be thrown overboard with a message enclosed.

Captain Andrews expects to reach the Azores islands in two months, re-stock his larder, and continue to his destination, Palos, Spain. He will exhibit the Dark Secret in the principal cities of Europe.

## FOUR KILLED IN BIG WRECK.

Heavy Train Crashes Into Second Section in Fog.

Logansport, Ind., Oct. 7.—Four men were killed in a wreck on the Logansport division of the Pan-handle road at 5 o'clock a. m. Two sections of a westbound freight came together in a rear end collision two miles east of Onward, fourteen miles from this city. The dead are: Thomas Brosius, brakeman; S. A. Galbreath, brakeman; Elbert Greisley, conductor; John Hutchinson, fireman. The train was No. 79 and was running in three sections. The first section reached this city on time, but at the point of the wreck the engine to the second section, which consisted of only the engine and two cabooses, running light, went "dead." One of the trainmen went back to flag the third section, but the morning was foggy and no attention was paid to the flag and the heavy train crashed full speed into the train ahead.

## Two Men Injured in a Wreck.

Blue Island, Ill., Oct. 7.—Two persons were injured in a freight train wreck on the Chicago Junction railway at Trumbull's spur, near the Alst brick yards, west of Blue Island. The injured, who were taken to St. Margaret's hospital, are: Harry Vandenberg, brakeman, 60 Vermont street, Blue Island, foot crushed; Thomas Kerns, engineer, left arm crushed.

## Predicts End of the World

New York, Oct. 7.—The Rev. A. B. Simpson, in his sermon Sunday, predicted the end of the world in thirty years. He said all signs pointed to Christ's early coming.

## GIRL IS MISSING; POLICE CALLED ON

Miss Lena Brenter, Aged Sixteen Years, Disappears, and Parents Fear Foul Play.

Kenosha, Wis., Oct. 7.—The police of this city were asked today to search for Miss Lena Brenter, one of the best known young women of the Town of Somers, who has been missing from her home since last Friday evening.

The young woman is 16 years of age, and left home on Friday to attend a prayer meeting at one of the churches in the city. She was at the meeting and started home. This was the last seen of her.

Yesterday and today the parents have been seeking to locate her, but without success. The girl said nothing about leaving home, and it is thought she has met with foul play. The mother of the girl is almost prostrated with grief.

## REV. WOODSIDE FOR PRESIDING ELDER

Janesville Methodist Minister Mentioned for a Good Place in Oshkosh District.

Oshkosh, Wis., Oct. 7.—At the annual meeting of the Wisconsin conference of the Methodist church to be held at Ripon next week beginning on Wednesday, the appointment of pastors and presiding elder will be made by Bishop Joyce, who will preside. While it is not expected that there will be any change in any of the preachers of the city and but few in the Oshkosh district, it is certain that another will be chosen to succeed Presiding Elder Andrew Porter. Mr. Porter has officiated as presiding elder in this district for the past six years and according to the rule in such matters his successor may be selected at the coming conference.

Several prominent preachers have been spoken of in this connection. The Rev. B. F. Sanford, formerly of Oshkosh, now of Ripon, has been prominently mentioned for the place.

The Rev. W. W. Woodside of the First M. E. church of Janesville and the Rev. S. H. Anderson of this city has also been mentioned by some of the pastors.

## NO REPORT ON THE CABLE.

Attorney General Knox Fails to Give Decision at Cabinet Meeting.

Washington, Oct. 7.—Attorney General Knox, to whom President Roosevelt referred the matter of the right of the United States to grant the privilege of landing a cable in the Philippines to the Pacific Commercial Cable company, did not report on the subject at the cabinet meeting, as was anticipated, but it is understood that his report will be ready at the next meeting of the cabinet on Tuesday. The Pacific Commercial Cable company is desirous of laying a cable across the Pacific without a cent of cost to the United States government and to give all government business the right of way. The question seems to hinge on the right of the government to grant this privilege to anybody, in the face of a concession granted by the Spanish government for a period of thirty years.

## INJURED IN A CHURCH.

Partition Falls and a Dozen Persons Are Hurt.

Reading, Pa., Oct. 7.—A dozen persons were injured by the fall of a partition in St. Peter's Roman Catholic church. The partition had been erected on the inside along the north wall as a protection against the elements while alterations to the church are in progress. The following are the most seriously injured: Miss Lillian Koch, thigh fractured; Mrs. Thomas L. Ganter, hurt about back and head; Miss Esther Snyder, head and back hurt; Mrs. George Ryan, rib broken; Marie Allen, 7 years old, hurt about head.

## Found a Cure for Phthisis.

Boston, Mass., Oct. 7.—The mysterious man who through all last winter conducted experiments for the cure of consumptives in a tent in a vacant lot in the heart of this city to demonstrate his idea of outdoor treatment today gave out a statement. In this he takes the ground that bovine tuberculosis introduced into the human system arrests consumption without causing the disease.

## His Own Name for a Town.

Huntington, W. Va., Oct. 7.—J. L. Caldwell of this city, who last week announced his candidacy to succeed N. B. Scott in the United States senate, has purchased 5,000 acres of valuable coal and timber lands on the extreme upper waters of the Guyandotte river. He will lay out a town and give it his name.

## Rumor of Plot to Kill Pope.

Rome, Oct. 7.—An Austrian anarchist of the name of Glavenovich was arrested while loitering about the Vatican. It is reported that he was aiming to murder the Pope and Cardinal Rampolla. He carried a razor.

Durchell, R. G. Merrill, Otto E. Smith, W. E. Spicer, J. L. Davey, Jno. P. Wright and David Brown, will go to Viroqua today to attend the annual encampment and department council of the Patriarchs Militant which will be held in that city.

## UNCLE SAM WILL CONTROL CANAL

New Treaty Which Makes It an All-American Enterprise.

## JOHN BULL AGREES

Under Its Provisions the Old Clayton-Bulwer Pact Is Abrogated.

## WORK OF JOHN HAY

The Chicago Record-Herald this morning prints the following from its Washington correspondent, Walter Wellman:

The United States and Great Britain have reached an agreement concerning the Isthmian canal question, and the new treaty will be presented to the senate for ratification early in the coming session. I am able to give the substance of this treaty. It provides:

Substance of the Treaty

1. For abrogation of the old Clayton-Bulwer treaty in toto.
2. For a neutral isthmian canal, in case one be constructed by the United States, open in time of peace to the ships of all nations upon equal terms.
3. This neutrality is guaranteed by the United States alone, and other maritime powers are not invited to participate in this guarantee. Great Britain is inferentially one of the guarantors, because she is a party to this treaty.
4. In case of war the United States reserves the right to take such steps for its own protection as it may deem proper.

## Meets Senate Objections

It will be seen that the new treaty meets the principal objections which were offered to the old Hay-Pauncefote convention and which led to its rejection by the senate.

While the principle of neutrality is asserted, the United States alone guarantees that neutrality, and no European powers are invited to give their assent to it.

By the terms of the new treaty the United States may, in time of war, deal with the canal as it deems best for its own interests. It may close the canal to the ships of its enemies, and could, if it were thought advisable (which no one believes it ever will be,) fortify the channel or its terminus.

## An All-American Canal

In a broad sense the Isthmian water way is to be "all-American." The United States is to build it and to have complete control of it, unhampered by onerous restrictions.

The government of Great Britain has met this question in a liberal spirit. It has assumed that it was its duty to place no unnecessary obstacles in the way of a work promising so much of importance and value to the commercial world.

## BELOIT STUDENT IS BADLY HAZED

Freshman is Stripped of His Clothing and Switched Naked Through the Public Streets.

Beloit, Wis., Oct. 7.—George F. Stockwell, a student in the preparatory department of Beloit college, was enticed from his room at the house of President Eaton at an early hour yesterday morning by members of the middle preparatory class. He was overpowered, divested of every article of clothing and compelled to walk ahead of a score of howling students, aided by the application of switches in the hands of histermonitors. His clothing was fastened to the top of a flag pole, and after he had been sufficiently "disciplined" he was allowed to go home to plan revenge.

This outrage is the climax of a number of class fights this year, in which the worst punishment inflicted heretofore was the compelling of students to walk into town after having been driven far into the country. The affair is the boldest that has ever occurred here, and was more than the college students have ever attempted. Now that a precedent is established, there is no knowing where it will stop, but an announcement is expected from the faculty in the near future that all class fights must be stopped and earnest college work commenced.

Previous to this the boldest actions of the students have been the conveying of prisoners into the country blindfolded and compelling them to find their way home. Several nights ago an attempt was made by the senior preparatory students to duck some "muddlers" in Rock river, but it was unsuccessful.

## Report Year's Best Sugar

Washington, Oct. 7.—Secretary of Agriculture Wilson after careful consideration of the reports and estimates of leading beet sugar producers has estimated the best sugar production for 1901 at 193,500 tons. The cane sugar production is estimated as follows: Southern states, 300,000 tons; Porto Rico, 100,000 tons; Hawaii, 300,000 tons; total, 700,000 tons.

Charles S. Husse of Philadelphia is the guest of Mr. and Mrs. B. F. Carle.

## DAY OF PRAISE AT TRINITY CHURCH

ANNUAL EVENT KNOWN AS HARVEST HOME FESTIVAL.

Nature of the Event Told in the Decorations Which Beautified the Church—Evensville Episcopal Society Participates in the Services—Sermon by Rev. Mr. Richey.

Yesterday was a special day of praise at Trinity church and members and friends of the parish enjoyed two beautiful services. It was the annual thanksgiving day of the church known as the Harvest Home festival, a day of rejoicing observed in the church for centuries each year when the harvests have been gathered.

The nature of the occasion was told in the decorations which beautified the church. In front of the auditorium were several shocks of corn crowned with yellow ears. Vegetables were piled on the window ledges. The Harvest Home festival was observed at the morning service, at which time the full choral service was given.

At five o'clock in the afternoon there was a unique and beautiful service, a choir festival given by the united choirs of Trinity church and of St. John's church of Evansville. About ten days ago the local choir visited the Evansville church and assisted at a choir festival at that city. Yesterday the visit was returned and the people of Janesville had the pleasure of listening to the great choir of boys and men.

The church was filled with an interested congregation. The altar, with its rich white hangings and lighted candles, made an impressive service and it was certainly a beautiful scene when the audience rose in reverence as the strains of the processional pealed forth from the organ where Mrs. Mary Doty presided and the great vested choir marched slowly from the rear of the church up the central aisle to the choir seats on either side of the altar. First came Harold Dearborn in crimson and white vestments, bearing aloft the cross, and he was followed by the choir.

The local choir marched first; the little boys first and grading up in size to the adults, and including eighteen boys and nine men. The Evansville choir followed in the same manner, there being thirteen boys and six men in line and after them came Rev. J. A. M. Richey, rector of Trinity church and Rev. C. E. Roberts who is acting rector of Christ church in Rev. Barrington's absence. All were singing "The Son of God Goes Forth to War."

The evening prayer service was conducted by Rev. Richey, the choir singing "The Magnificat" and "Nunc Dimittis."

Then Rev. Richey announced that the church was honored by the presence not only of the Evansville choir but of the Sunday school and the Sunday school prizes were to be awarded. Rev. Richey called forward the winners of the three prizes and gave to them the reward for faithful work in the Sunday school. The gold medal awarded for the best standing in lessons and attendance was won by Anna Smith. The prize for the year in the primary department was won by Wilma Balnes and the prize for the month of September by Elsie Shoemaker.

Rev. Richey took advantage of the occasion to call attention to the fact that the prizes were all won by girls and that the boys did not seem to be "in it" in the Sunday school. In looking over the congregation he noticed the men were in the minority and he thought the fathers were largely to blame because the boys were not better attendants of Sunday school.

The full choir of Trinity church then sang the anthem, "O Lord How Manifold Are Thy Works," by Barnby, after which Rev. Roberts preached the sermon. He said that in casting around for a text that would be suitable to a choir festival he had found difficulty in choosing one. Singers were mentioned many times in the Bible, but finally he had selected the 113th Psalm, the Latin title of which when translated being "Praise the Lord, Oh Ye Boys."

One of the greatest difficulties which the church finds is to know what to do with the boys. There is the same difficulty in the home and this has always been a great problem. Fifty years ago people did not know what to do with the boys.

They lived but they suffered an irrevocable loss because their spiritual nature was not developed. A boy is different than a girl. He needs different training. In many churches he is brought up with the hope that some day he will be converted like a flash of lightning. Most of the boys of fifty years ago grew up in a lawless way outside of the church. It was not the mother's fault. She lacked opportunities. It is their duty to make them and go onward and upward.

The Episcopal church has one tremendous advantage over others. It teaches the catechism. Many men grow up without a knowledge of their duty to God. All faculties, including the spiritual, must be exercised to be of use. Training in the church and catechism goes a long way although teaching people what is right does not meet all the requirements. In this country the greatest industry is agriculture.

Farmers learn it in a practical way through necessity, but book knowledge adds them. Just so religion should be learned. People should be brought up in the life of the church. At the best the Sunday school is only a go-between, a preparatory school but not a place to stay in forever. It takes the place of a mother. Fathers and mothers ought to teach the things that are taught in Sunday school. Everyone has a religious nature and parents have no right to neglect filling out this place

which is often left empty in their children's hearts. Children must not be driven by the rod. God's way is to lead. Every man can be a gentleman, every woman a gentlewoman today. It consists in having a gentle heart and copying Christ.

One of the most important things which the church is doing for the boy is its vested choir. It takes the boy from the home and puts him to work. It teaches him to be a gentleman, to sit up straight, learn how to deport himself in public assembly and not to be ashamed to sing God's praise. It is the greatest advantage and opportunity that parents can have for their boys. Mothers can bring up girls but the time is past for women to bear all the burden of the spiritual training of their children. There is too much of the spirit of Indianism in religious matters. Parents should help the church by sending the boys to the choir and by doing all in their power to strengthen the choir and the Sunday school.

The offertory solo, "Just for Today," by Jane Abbott, was sung by Carl Munshan, of Evansville, who has a very sweet voice and sings beautifully. The service closed with the recessional, "The Church's One Foundation is Jesus Christ Her Lord." After the service an elegant supper was nicely served for the members of the choir in the Guild hall in the basement of the church. The Evansville choir was accompanied by Rev. Clark Wilson, who, while attending theological college, continues to take charge of the work at St. John's church.

### CHURCH NEWS AND NOTES

The Tades Unions of the city will attend morning service at the Congregational church next Sunday.

The Monday evening club, under the leadership of Miss Cunningham, meets in the ladies parlor of the Congregational church this evening.

The Loan Band of King's Daughters of the Congregational church will meet in the church parlors on Tuesday afternoon. Tea will be served at six o'clock and the program will follow. As this is the first meeting of the year a full attendance is requested.

The Ladies' Missionary societies of the Congregational church will meet on Thursday afternoon and each lady is asked to furnish one article for supper. All ladies of the Congregation are invited.

Next Thursday evening at the prayer meeting of the Congregational church, Rev. Robert C. Denison will give the first of six talks on Paul's letter to the Galatians. Everyone is requested to read the first two chapters of the book and bring their Bibles to the meeting.

The Ladies' Benevolent society of the Congregational church will meet Friday afternoon at two o'clock.

The ladies of the Congregational church wish to begin at once collecting articles for the missionary boxes which they send annually to places where they can be put to good use. Articles of clothing, books, pictures or money for these boxes may be left at Mr. Wright's or Mr. Echlin's store.

Next Sunday evening the choir of the Congregational church will give a song service and an offering will be taken to help in the purchase of new music.

A joint meeting of the session and board of trustees of the Presbyterian church will be held in the church parlors this evening at 7:30 o'clock. The boys' choir of the Presbyterian church will meet Tuesday afternoon at 4:15 o'clock for practice.

Prayer meeting at the Presbyterian church on Thursday evening at 7:30 o'clock.

The Ladies' Aid society of the Presbyterian church will meet Friday afternoon at two o'clock.

The members of the Christian Endeavor society of the Presbyterian church cordially invite all the young people of the church and congregation to a marshmallow roast on Saturday evening, Oct. 12, at 7:30 o'clock in the church basement.

The regular meeting of the Ladies' Aid society of the First M. E. church will be held Tuesday afternoon at two o'clock in the church parlors. The ladies are urged to come as there is plenty of work to do.

The Woman's Foreign Missionary society of the First M. E. church will meet in the church parlors Wednesday afternoon at three o'clock for the election of officers and other important business. Members are urged to be present.

Next Sunday will be conference Sunday and Rev. W. W. Woodside has arranged a special service for the morning at the regular hour of service at the First M. E. church. Brother Hanson of Milton and two or three others will deliver short addresses and the work of the new conference year will be considered.

Prayer meetings at the Methodist churches this week will be led by some member of the church, the pastors being absent at conference.

The Ladies' Aid society of the Baptist church will meet in the church parlors Wednesday morning at ten o'clock. A full attendance is requested.

The helpful circle of the Baptist church meets in the church parlors Thursday afternoon at two o'clock.

The topic for the mid-week service at the Baptist church will be "With Him in the Mount." The incident of the Transfiguration, Luke 9:28-36, being a helpful thought suggested by it.

Teachers' meeting at the Baptist church, Friday evening at 7:30 o'clock. There will be a local union rally with two good addresses at the Presbyterian church Monday evening, Oct. 14. All who are interested in young people's work are invited.

October Review of Reviews. President McKinley's assassination and Mr. Roosevelt's accession to the presidency are the two dominant topics in the October Review of Reviews. Aside from the editorial treatment of these momentous events, a fully illustrated account of the last days of President McKinley is contributed by Mr. Walter Wellman, the accomplished newspaper correspondent, who was himself at Buffalo and writes from personal, first-hand knowledge of all the details of the tragedy. Mr. Wellman's comprehensive article is followed by a brief characterization of the last of our great trio of mar-

tyr presidents, from the pen of Commissioner H. B. F. Macfarland, of the District of Columbia; there is also an article on President Roosevelt, with portraits of Mr. and Mrs. Roosevelt and the six Roosevelt children. The Review presents the full text of Mr. McKinley's Buffalo speech, made on the day before the shooting, and of Mr. Roosevelt's Minneapolis address on September 2.

Only One Change Expected in Janesville Churches—Rev. W. A. Hall May Go to Milwaukee District.

Rev. W. A. Hall, pastor of Court St. M. E. church and Rev. W. W. Woodside of the First M. E. church, leave tomorrow for Ripon to attend the annual meeting of the Methodist Episcopal church of the Wisconsin conference. Presiding Elder W. W. Stevens went to Ripon last week.

Many changes will be made in the pastorates of the churches in the conference. Rev. W. A. Hall will not be returned to Court Street church, but will doubtless be transferred to a larger church in the Milwaukee district. Rev. Hall has given four years of excellent and acceptable service at Court Street church and has earned the promotion, which he will be given at the meeting of the conference this year. Several pastors are mentioned for the pulpit at Court Street church, prominent among them being Rev. W. P. Leek of Green Bay, Rev. H. P. Haylett of Racine, and Rev. Lean of Waukesha. It is very probable that one of these gentlemen will receive the appointment.

Rev. Woodside will doubtless be returned in response to the unanimous wish of the First M. E. church, whose pulpit he has filled for three years, unless he receives a presiding eldership. He is one of those mentioned for that position in the Oshkosh district. Rev. Stevens will continue to make Janesville his home as his appointment as presiding elder of Janesville district is for six years, leaving him there, years yet to come.

## LENGTH OF LIFE IN THE UNITED STATES

Possibility That the Great Body of Our People Will Live To Be 100 Years Old.

The government bulletin showing that the length of life in the United States is materially increasing will be taken as a matter of course by all observing persons. It would be astonishing if it were otherwise. The great gain is in the lower death rate among infants, among children under five. The death rate among this class is very much lower than it was before, and by before I mean twenty-five years ago. The improvement within that period has been nothing short of marvelous. Children under the age of five years are peculiarly susceptible to bad sanitary conditions, and it is along the lines of sanitation that we have made the greatest improvement in the period I speak of.

Adults live longer than they used to, because conditions all around are constantly improving. The surroundings in every dwelling place are better than they were, and what is more important the opportunities for getting good food are better. There is more money in circulation, people are more prosperous, and they are putting into their stomachs a higher grade of food than was the case twenty-five years ago. The question of diet has received very close attention, and on all sides new and nourishing foods have been put on the market at a very low price.

The increase of knowledge, general knowledge, among the masses has to do directly with the greater longevity. People in the ordinary walks of life who formerly knew nothing, and cared less about hygiene, are well informed now through the great spread of practical knowledge by means of newspapers and periodicals. The result is that our people realize and recognize at once dangers to health and well-being that formerly had no existence for them. They see the pitfalls about as readily as the most expert, and avoid them.

Twenty years ago one of the most prolific sources of sickness was polluted water, the use of which was almost general. On the farms you would find almost invariably that the well and the cesspool were so close together that the water was of necessity deleteriously affected. Most people could not believe that so long as water was clean and sparkling it could carry contagion. We all of us realize that sometimes the most dangerous water is best looking. The result of this is that typhoid, which was so common fifteen years ago, has been very largely put under control. We have learned many other lessons in the past few years that help us to prolong life by avoiding fatal diseases. We know that contagion is carried by insects. We have learned the danger of promiscuous spitting, and everywhere health boards are having laws passed against it. We have learned the value of cleanliness. Among the masses ten people bathe regularly now where one did a dozen years ago. We have learned the value of cleanliness in our food. We realize the danger of keeping our supplies in dirty ice boxes, where food is readily decomposed. We have learned to guard carefully against impure ice.

Probably the most important item in this connection is the better understanding that mothers have regarding the care and feeding of infants. There is, even in the slums, hardly a woman who has not within the past ten years had drilled into her a better understanding of the handling of children than was possessed formerly by women in our more pretentious households. The revolution in this respect can only be appreciated by those who are brought in contact with the tenement house dwelling. A feature that has materially decreased the death rate is the more rational system of amusement that has come within the last fifteen or twenty years. People have learned the danger of over-working and under-playing; they go more to the theater and other places where they can relax their minds. They take vacations during some part of the hot months; they live out-of-doors as much as possible. Golfing, bicycling and other out-of-door sports have come in, to the great advantage both of our minds and bodies.

Cities, large and small, have learned to keep their streets clean, and clean streets have a direct bearing on the death rate. In New York I have seen the death rate go up and down, according to whether the streets were well or poorly cleaned. Towns of any considerable size have adopted fairly rational methods of sewage disposal.

In my opinion the future will show even a greater improvement, relatively, in the death rate, than the past. We have learned rapidly, but are only at the beginning. We have not yet begun to reap the full benefit of the knowledge we have already absorbed. There is reason to believe that within a comparatively short time the great body of our people will live to be a hundred.

If you want some "Just as good" "I make it myself" Remedy, try an Imitation Rocky Mountain Tea. It will make you sick and keep you sick. Smith's Pharmacy.

October Review of Reviews. President McKinley's assassination and Mr. Roosevelt's accession to the presidency are the two dominant topics in the October Review of Reviews. Aside from the editorial treatment of these momentous events, a fully illustrated account of the last days of President McKinley is contributed by Mr. Walter Wellman, the accomplished newspaper correspondent, who was himself at Buffalo and writes from personal, first-hand knowledge of all the details of the tragedy. Mr. Wellman's comprehensive article is followed by a brief characterization of the last of our great trio of mar-

tyr presidents, from the pen of Commissioner H. B. F. Macfarland, of the District of Columbia; there is also an article on President Roosevelt, with portraits of Mr. and Mrs. Roosevelt and the six Roosevelt children. The Review presents the full text of Mr. McKinley's Buffalo speech, made on the day before the shooting, and of Mr. Roosevelt's Minneapolis address on September 2.

Only One Change Expected in Janesville Churches—Rev. W. A. Hall May Go to Milwaukee District.

Rev. W. A. Hall, pastor of Court St. M. E. church and Rev. W. W. Woodside of the First M. E. church, leave tomorrow for Ripon to attend the annual meeting of the Methodist Episcopal church of the Wisconsin conference. Presiding Elder W. W. Stevens went to Ripon last week.

Many changes will be made in the pastorates of the churches in the conference. Rev. W. A. Hall will not be returned to Court Street church, but will doubtless be transferred to a larger church in the Milwaukee district. Rev. Hall has given four years of excellent and acceptable service at Court Street church and has earned the promotion, which he will be given at the meeting of the conference this year. Several pastors are mentioned for the pulpit at Court Street church, prominent among them being Rev. W. P. Leek of Green Bay, Rev. H. P. Haylett of Racine, and Rev. Lean of Waukesha. It is very probable that one of these gentlemen will receive the appointment.

Rev. Woodside will doubtless be returned in response to the unanimous wish of the First M. E. church, whose pulpit he has filled for three years, unless he receives a presiding eldership. He is one of those mentioned for that position in the Oshkosh district. Rev. Stevens will continue to make Janesville his home as his appointment as presiding elder of Janesville district is for six years, leaving him there, years yet to come.

The October Atlantic. The October Atlantic opens with Professor W. A. Dunning's The Undoing of Reconstruction, prefaced by a brilliant editorial on the series which this paper concludes; R. R. Bowker shows how The Piracy of a Franchise Corporation may be consummated in New York; a Pennsylvania treatise of The Ills of Pennsylvania, and the moral decadence of the whole state; Professor Bernadotte Perrin discourses upon Yale's Fourth Jubilee; Henry A. Clapp's Reminiscences treat of the stage period of Booth, Fichter, Sothorn, etc.; Jesse P. Frothingham writes appreciatively of Etienne Senancour, The Author of Obermann, and Vernon Lee sends some delightful English Writers' Notes on England. Entertaining stories and sketches are furnished by Louise L. Sibley, W. A. Beers and others.

For Over Fifty Years. Mrs. Winklow's Sorethroat Syrup has been used for fifty years while teaching. It soothes the child, soothes the throat, allays all pain, cures colds, and is the best remedy for Diphtheria. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

Half Rates to Minneapolis, Minn., Via the North-western Line. Tickets will be sold at one fare for round trip October 9, 10, 11, 12 and 14, limited to return (by extension) until October 31, inclusive. Apply to agents Chicago & North-Western R'y.

Knights of Columbus. A large delegation of the Knights of Columbus went to Appleton yesterday on a special train and took part in the installation of a council at that place. The special left here at 7:40 and had on board a large delegation from Rockford. At Jefferson Junction they were joined by delegations from Madison and Jefferson so that there was about 150 on the train by the time they reached Appleton. A large number of Knights came up from Milwaukee so that a large number were present at the installation. An elegant banquet was served and all had a thoroughly enjoyable time.

## HELD FOR VERY BOLD DEED

Abduction and Robbery of a Philadelphia Woman.

KEPT CAPTIVE FOUR DAYS.

The Four Men Who Are Alleged to Have Kept Her a Prisoner Are Under Arrest—A Strange Story of Kidnaping from Philadelphia.

Philadelphia, Oct. 7.—Mrs. Mabel Goodrich, living in North Tenth street, last Monday told the police a story of kidnaping and robbery so daring that they did not give it much credence. It was to the effect that two newspaper men, one of them a society editor, a stenographer and a barber, had held her prisoner four days, robbed her of jewels worth more than \$2,000, and compelled her to sign checks for large sums of money. The authorities here have been working quietly, however, and now they have announced the arrest of the following four men for complicity in the crime, all of whom are now locked up at the central police station: Howard K. Sloan, an unemployed reporter; Henry Wallace, society editor of one of the morning papers; J. Knight Finlay of Wayne, near here, stenographer in the business office of another morning paper; and Oscar S. Dunlap, a barber employed in one of the most prominent shops in the city.

Invited for a Drive.  
Mrs. Goodrich said that for some time past a young man, who represented himself as a resident of Germantown, had been a frequent visitor at her house. He was well dressed and spent money freely. Last Wednesday week, she said, he proposed a drive through Fairmount park. He asked her to dress in her best clothes and for her to wear all the diamonds and other jewelry, because on the return from the drive he intended to take her to the finest dining room in the city, and he wanted her to "shine" with the other women of the place. She accepted and the next day she went out with him in a carriage with a pair of richly caparisoned horses and with a coachman on the box wearing stylish livery. At a lonely place in Fairmount park the carriage was stopped by a man who she said represented himself as D. Clarence McGibbeny, the secretary of the Law and Order Society of this city.

Placed Under Arrest.  
This man, she went on to say, told her that he had a warrant for her arrest on the charge of keeping a disorderly house, but that the matter could be fixed up. He was invited into the carriage, and the next moment she was gagged and blindfolded. Where she was driven she did not know, but she noticed from one corner of the handkerchief over her eyes that the men paid toll at two toll gates and that they took her into a building where a fire engine and hook and ladder truck were standing. She was kept a prisoner from Tuesday night until Friday night without anything to eat or drink, and was then taken on another long drive, blindfolded, to a house, where she was kept from Friday until Monday. In the latter place the men, who were masked, stripped her of the jewelry and at the point of a revolver compelled her to sign bank checks for various sums of money she had deposited in the Third National bank. They made her sign for more than she possessed, but compelled her to promise she would make up the deficiency when they released her. The men, she said, then took her on another long drive and put her out of the carriage at Tenth and Poplar streets, about a mile from her house.

Thought It a Fairy Tale.  
With other information the woman gave them, the detectives began to work on what they believed to be a fairy tale. They got several clues which led them to a fire engine house in Fort Wayne, fifteen miles from this city. The fire company is a volunteer organization and the key to the place was kept in the nearest dwelling. The nearest house was occupied by a family named Findlay, and there the police learned that one of the sons, J. Knight Findlay, had been home but little during the past two weeks. Getting a description of him, the police returned to this city and found the young man, who is only 21 years old, in the office where he is employed. He was charged with the crime, and broke down and implicated three others. Findlay said that he had impersonated the coachman; that Sloan, the unemployed reporter, acted the part of the gibbony; that the barber played the part of the Wallace, the society editor, had rented a house in Germantown, where Mrs. Goodrich was to have been held a captive.

Convict Assassin of Girl.  
Kansas City, Mo., Oct. 7.—Bud Taylor, the baseball player, who last March shot and killed Miss Ruth Nollard, a former sweetheart, has been found guilty of murder in the first degree. The defense made a strong plea of insanity, and the evidence showed that Nollard suffered from epilepsy. Miss Taylor had killed Taylor, Arming himself with a Winchester rifle he lay in wait for her, securing a position in a second-story window in a busy part of the city. He waited for several days for the girl to pass. When she finally appeared across the street, walking with her sister, Taylor shot her twice. His aim was careful, and the girl died in the street.

## BASEBALL GAMES.

GAMES PLAYED SATURDAY.

At Later Stays in Defense.

Cardinals, Ill., Oct. 7.—Ben C. Brown, a carpenter, was shot at a corner of the public square by Rev. Joseph McCamlish. He died forty minutes later. Eighteen months ago McCamlish rented Brown part of the house in which he was living, and shortly afterward Brown became jealous of his wife. Brown had repeatedly told his friends he intended to kill the minister. When he saw the minister he drew a knife. The preacher stepped off the pavement and fled. Mr. McCamlish, who is a Seventh Day Adventist, is highly respected. Brown leaves a widow and a son, aged only 3 years. McCamlish is well-to-do.

Beloit Student Hadly Hanged.

Beloit, Wis., Oct. 7.—George F. Stockwell, a student in the preparatory department of Beloit College, was enticed from his room at the house of President Eaton by members of the middle preparatory class. He was overpowered, divested of every article of clothing and compelled to walk ahead of a score of howling students, in the hands of his tormentors. His clothing was fastened to the top of a flagpole, and after he had been sufficiently "disciplined" he was allowed to go home to plan revenge.

Falls Heir to a Big Fortune.

Humboldt, Neb., Oct. 7.—Charles Loree, for many years an employee of this county, has been notified that he is heir to property in Kentucky and Virginia, consisting of coal, iron ore and timber lands, valued at \$14,000,000, of which his share is about one-tenth. There are nearly 4,000,000 acres of the estate, scattered throughout the two states. The property has been in litigation for several years, but has been settled through the efforts of John Loree of Cleveland, Ohio, who is also an heir.

Held Up and Robbed Tourists.

Madison, S. D., Oct. 7.—A gang of highway robbers held up and robbed the occupants of three carriages, including several business men from this city en route to Lake Herman, three miles west of Madison. A pitched battle was waged, but the tourists were relieved of their money, about \$500 in cash, watches, and all jewelry. Officers and a posse fought the robbers with guns, but all escaped.

Platt Dines at White House.

Washington, Oct. 7.—Senator Thomas C. Platt of New York was a guest at dinner in the evening with President and Mrs. Roosevelt. The president remained at the White House until after 10 o'clock, when he returned to his hotel. Concerning his conference with the President the senator declared he had nothing to say.

Ferry Proprietor Hanged.

Keokuk, Iowa, Oct. 7.—Captain W. A. Dundee, proprietor of the steam ferry between Montrose, Iowa, and Nauvoo, Ill., was shot and killed here by Col. C. Beird, foreman of a job printing house. Beird was arrested.

Half Rates to Minneapolis, Minn.

Via the North-Western Line. Tickets will be sold at one fare for the round trip October 9, 10, 12 and 14, limited to return (by extension) until October 31, inclusive. Apply to agents Chicago & North-Western Ry.

Visiting bishops of the Episcopal church, preached in all the churches in San Francisco and suburban towns.

## Biliousness

"I have used your valuable CASCARETS and find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to every one. Once tried, you will never do without them in the family." EDW. A. MARX, Albany, N. Y.

Pleasant, Palatable, Potent, Taste Good, No Gripe, Never Sickens, Weakens, or Grips, etc., etc. CURE CONSTIPATION. Sterling Candy Company, Chicago, Montreal, New York, etc. NO-TO-BAC Sold and guaranteed by all druggists to cure tobacco habits.

## BAD FIRES ARE NUMEROUS

Losses on Chicago Docks of About \$100,000.

BIG FIRE IN ALLEGHENY.

Extensive Plant Will Have in Close for Several Months—Job Printing Plant at Detroit Burns—Blaze at Marinette, Wis.

Chicago, Oct. 7.—Every available engine of the fire department and the fireboat Illinois were called out to check a fire which threatened to destroy all the docks and warehouses at the foot of Michigan street. As it was, the flames caused a loss aggregating \$100,000. The Ogden & Sheldon warehouse and its contents of salt, owned by Joy Fruit & Co., 100 feet of Barry Bros' fruit dock, and Ontario warehouse No. 2 and its contents were destroyed. The smoke and flames were seen for miles, and attracted a crowd of over 5,000 persons. The fire started about 5 o'clock p. m., and by prompt action the flames were under control in an hour. No one was hurt, owing, probably, to the fact that the buildings were two-story structures. The loss is covered by insurance. The damage is estimated as follows: Ontario warehouse No. 2, under the management of A. D. Daly, stock and building, \$50,000; Ogden, Sheldon & Co., warehouse, stock and building, \$35,000; Barry Transportation company's docks and stock of fruit, \$15,000. The origin of the fire is not known.

\$280,000 Fire in Allegheny.

Pittsburgh, Pa., Oct. 7.—Fire in the Pittsburgh clay-pot works in Allegheny damaged the big plant to the extent of about \$280,000, and injured six men. The plant will have to remain closed for several months. The injured men were firemen, who were on the roof of the boiler house when the wall fell and they were carried with it. The fire originated in the boiler room of block No. 2, from an unknown cause, and quickly burned its way through into the upper floors, used as drying rooms, and kept at a high temperature. From there they communicated to block No. 3, and it was soon reduced to ruins. William McMillan, secretary and general superintendent of the company, rates the loss at between \$250,000 and \$280,000, on which there is \$186,000 insurance. The works were built in three divisions, known as blocks Nos. 1, 2 and 3. Block No. 1 remains intact, but the other two are complete losses, together with most of the machinery. The immense gas tank of the Philadelphia company, recently erected, containing 5,000,000 cubic feet of gas, was within 100 feet of the fiercest of the flames, and prodigious efforts had to be made to save it from explosion.

Costly Blaze at Detroit.

Detroit, Mich., Oct. 7.—The job printing plant of the Detroit Free Press Printing company, Nos. 621 to 623 Fort street west, was damaged by fire to the extent of between \$20,000 and \$25,000. The loss is covered by insurance. The large stock of theatrical posters which the company had on hand was not injured.

Fire Costs Town \$225,000.

Timpan, Tex., Oct. 7.—Fire left only a few stores standing in this place. The loss is about \$225,000, with 25 per cent insurance. There was no fire apparatus. All the big firms were wiped out, but several of them began making arrangements for resuming business. Only a few residences were burned.

Flames Threaten Marinette.

Marinette, Wis., Oct. 7.—Fire destroyed the North Star daily newspaper office and the armory of Company I, Second Regiment, W. N. G., and other business places are threatened.

When Peers Wear Coronets.

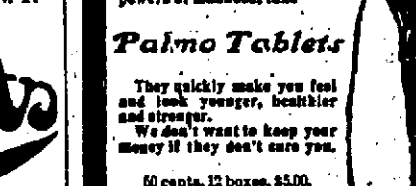

The only occasion upon which a peer or peeress wears a coronet is at the coronation of a sovereign. At the moment when the Archbishop of Canterbury places the crown on the head of the new monarch every peer present at the ceremony dons his own coronet.

Might Be.

"It may be merely fancy," remarked Mrs. Selldom-Holmes, "but since my husband began drinking the water from that iron spring he has seemed to be ten times as obstinate as he used to be." "Perhaps," suggested Mrs. Nedore, "the water is linctured with pig iron."

## HALF-A-MAN

Is no man. No one respects a weak-willed, nerve-shattered man. No one can be a whole man who lacks the nerve-magnesium, which is so easily detected in the bright eye, the quick step, and manly bearing. It, by reason of improper living, such as excessive use of opiates, strong drink, or other excesses, you have lost the essential powers of manhood, take

60 cents, 12 boxes, \$5.00. Sealed box free. Hald Drug Co., Cleveland, O. Smith's Pharmacy, Kodak agents.

## T. P. BURNS

is now ready with a good showing of new fall

## TAILOR-MADE SUITS

...LADIES' WINTER GARMENTS...

for your inspection. If you are wondering what style of a garment to buy, come and look over our extensive lines of the goods here mentioned. Take your time, feel at home, as we won't worry you to buy. We ask you to come to this store for the best in Ladies' Suits and Cloaks, because we think you will get the kind you want. ## SOLD THE HOGS AND DISAPPEARED

Randall Thompson of Milton Junction, Would Be Pleased to Locate His Hired Man.

Randall Thompson of Milton Junction would be pleased to locate a young man, who up to last Monday morning had been in the cattle and hog business with him. The young man came to this city last Monday morning driving a pair of horses hitched to a wagon with a calf rack on it. He brought down a load of hogs which he and Thompson had sold to a party in Milton Junction but was to deliver them in this city. The young man brought down the hogs and delivered them to the party and received his pay, about \$80, for them. He then took his team to the Union House barn on North First street and left them there. The team was left in the barn until Thursday when Mr. Behrendt began to wonder what had become of the owner of the outfit and spoke to Chief Hogan about it. A search was made for the man but no trace of him could be found after he purchased a pair of shoes at Brown Bros'. The young man not coming back Mr. Thompson began to get anxious about the horses and wagon and on Thursday came to this city in search of them. He soon located the outfit and after paying for their keep took them home with him.

Mr. Thompson said he had no idea where the man had gone to or what caused him to do the way he had. He left a pair of horses and a wagon, a lot of good clothes and other things that he would undoubtedly have disposed of had he contemplated skipping out. The stuff left behind was more valuable than the money obtained by the sale of the hogs. The police are keeping a sharp lookout for any trace of the young man and hope to be able to locate him in the near future.

The name of the young man is August Garneau.

## JERVIS BEMIS IS LAID TO REST

Many People From This City Attended the Funeral Services in the Town of Plymouth.

Many people from this city attended the funeral of the late Jervis Bemis, which was held from his home in the town of Plymouth yesterday afternoon at one o'clock. It was one of the largest funerals ever held in the county, people gathering from all directions to pay the last tribute of respect to the man whom all had honored during his life time. The services were conducted by Mrs. Williams, formerly pastor of the Grove church, assisted by the Rev. H. C. Logan. The interment was in the Grove cemetery, the pall bearers being Fred and K. J. Bemis, of Footville, Dr. J. B. Bemis of St. Paul, D. B. Bemis of Colorado Springs and Frank Bemis of this city, sons of the deceased man.

**Maude Goodfellow Dead.**  
Miss Maude Goodfellow, beloved daughter of Mrs. Katherine Goodfellow, died at the home of her mother, corner of Bennett street and Milton avenue, this morning at 10:40 o'clock. Deceased was a bright and lovable girl, sixteen years of age, and had been a sufferer for the past six months with consumption. The family has resided here three years, and during that time Miss Maude had made a large circle of friends who will mourn her death. She leaves a mother, two sisters and three brothers.

Funeral services will be held from the home tomorrow afternoon at 2:30 o'clock.  
**Funeral of Fred S. Putnam**  
A letter received by relatives in this city contained particulars regarding the death of Fred S. Putnam which occurred at St. Paul Saturday morning, said he was in good health up to Friday and was suddenly taken ill with heart trouble and was in great pain until Saturday morning when he died. The funeral was held from his home in St. Paul this afternoon at 2:30 o'clock. The interment will be at St. Paul. He leaves a wife and three children. To mourn his loss, E. W. Putnam of this city went to St. Paul Saturday night to be present at the funeral.

**Mrs. John Leahy Funeral**  
Many sorrowing friends attended the funeral services held for the late Mrs. John Leahy from St. Patrick's church this morning at 9:30 o'clock. The sacred service for the dead was celebrated by Dean E. M. McGinnity and at the close of the service the remains were taken to Mount Olivet cemetery for interment. The casket containing the precious remains of Mrs. Leahy was borne to its last resting place by her four sons, D. M. and M. J. Leahy of Chicago, J. J. Leahy of Milwaukee and T. F. Leahy of this city.

## PROVES STRONG ATTRACTION

West Side Business House Receives Its Share of Patronage

An unusually large assortment of suit and pant patterns this fall at the tailoring establishment of McDaniel & Achterberg has resulted in this well known firm receiving their full share of patronage. These patterns include not only the plain and fine check and stripes for the modest dresser but the more striking patterns such as loud plaids for the man who wishes to be noticed. Fall and winter overcoats are also being eagerly sought by the good dressers at McDaniel & Achterberg's. For little money an excellent overcoat can be secured—one that at all times has that perfect fit. Holiday buyers will do well to investigate the gents' furnishing goods department at this popular west side establishment. All goods purchased now may be held for holiday delivery.

Saturday evening a party of young people enjoyed a hay rack ride to Milton and return. An excellent supper was served at Milton and the boys and girls had a very jolly time.

A mixed foursome for suitable prizes will be played off tomorrow afternoon at the grounds of the Sinsissippi Golf club. Quite a number have signified their intention to take a part in the event.

Captain Charles T. Achterberg's resignation as captain of Company I, W. N. G., has been accepted and the proper blank sent him to fill out. As soon as his vouchers for disbursement arrive and are checked up another captain will be appointed.

The sophomores won the football game from the freshmen Saturday by a score of 36 to 0. This was the first game in the series between the Sophomores and Freshmen in the Denison cup series. The freshmen put up a pretty fair game but lacked the experience of the Sophomores.

Henry W. Leman and Emil H. Seeman of Chicago, who were in the city Saturday and yesterday on business connected with the Burr Springs project, are both enthusiastic golfers. Mr. Leman is a member of the Glen View club, and Mr. Seeman, of the Exumore club of Chicago. They were much pleased with the local golf course.

Henry Brazzel, one of the best engineers on the Northwestern, had two ribs on his left side broken and his left leg badly bruised in a collision, between his engine and the switch engine in the yards at Oshkosh Saturday. Mr. Brazzel's engine was standing on the main track when the switch engine backed into it. The force of the shock threw Engineer Brazzel to the ground and caused the injuries above stated.

## BRIDGE IS IN A BAD CONDITION

Milwaukee Street Bridge Was Inspected by Mayor Richardson and a Common Council Committee.

Mayor Richardson and the highway committee of the council, in company with Assistant Street Commissioner Ross, made a thorough inspection of the Milwaukee street bridge this afternoon to ascertain just what condition it is in and whether or not a new bridge is necessary.

Some time ago, acting under the instruction of the highway committee, Mr. Ross made a thorough inspection of the condition of the piles and timbers supporting the structure. He took a boat and made a thorough inspection and also took a bit and bored holes in the timbers in various places.

The sample of the borings given by him to the committee were so bad that they realized something must be done at once to insure the safety of the people using the structure and decided to make an investigation of the structure this afternoon. Their report on the condition of the bridge will be presented at the next meeting of the council on October 14th. Since the question of a new bridge has been agitated a large majority of the people of the city are in favor of an iron bridge with one or two stone piers in the place of piles. A two span bridge seems to meet with the most favor. The condition of the present bridge is such that unless something is done very soon a bad accident is liable to happen.

## FRANCIS MURPHY LEAGUE

An Interesting General Meeting Held Yesterday Afternoon

An interesting meeting of the Francis Murphy Temperance League was held at the Y. M. C. A. building yesterday afternoon. It was a general meeting and was quite largely attended. A. E. Matheson, president of the organization had charge of the meeting and during the service he gave an excellent talk on the lessons of Christian manhood which could be learned from the life and death of President William McKinley.

Fred Holden led the company of temperance workers in prayer and the singing was led by J. C. Kline.

The principal address was made by the Rev. W. A. Hall, who spoke forcefully on the temperance question as a problem which men had been trying to solve for many years. Brief remarks were made by other members of the league and some ladies in the audience also spoke, voicing their sympathy for the movement and encouraging the members of the league to go on with the good work.

**Had a Narrow Escape.**  
There was a narrow escape from a high flying accident yesterday afternoon near the Rooney farm on the Delavan road. About 4 o'clock Mrs. J. C. Roessling, her three children and her sister-in-law were returning home from a drive in the country. They were riding in a surrey and driving a single horse and when near the sand hill below the Rooney farm they met Charles Smith on horseback. Smith's horse shied and threw him off and thus frightened Mrs. Roessling's horse. He jumped sideways and tipped the surrey over, throwing all the occupants out. The horse ran away, but was caught and brought back of Mrs. Rooney. There was no damage done and no one was badly injured although Mrs. Roessling was slightly hurt about the head.

**Dead Sea of Fishes.**  
Seven Heelin has discovered a second dead sea in the highlands of Thibet—a vast lake so impregnated with salt that indigenous life is out of the question. It was impossible for him to get his boat close to the shore, so that he and his companions had to wade out two boat lengths before she would float, and this was sufficient to coat their legs and clothes thickly with salt. The entire bed of the lake appeared to consist of salt, and the density of the lifeless water was, of course, very high.

**A Distinction.**  
"That enemy of yours says you are owned by a certain corporation." "Again by enemy wrongs me," said the practical politician. "I value my liberty too highly to sacrifice it. I am not owned by the corporation he refers to. I am simply leased to it for a term of years."—Ram's Horn.

**Thinks Gets L. E. D. Degree.**  
Montreal, Que., Sept. 20.—The honorary degree of LL. D. was conferred on the duke of Cornwall and York by McGill university. There was a great crowd gathered about the university to see the duke and duchess arrive and depart.

**HERE TODAY; GONE TOMORROW**  
How many pennies and how many dollars have slipped through your fingers—gone, and nothing to show for them? Carelessness, one reason; improvidence, another; rash speculation, another. The only certainty that remains is the certainty you haven't got them. Would you have your pennies and your dollars here today, here tomorrow? A policy in the Aetna Life Insurance Company will safeguard this and best of all will safeguard your family.

HARLIN E. CARY, Gen'l Agent  
New Phone 222, Suite 415 Hayes

## NEWS OF A PERSONAL NATURE

J. F. Willey spent Sunday with his sister at Lima.

## ARCHITECT MORRIS COMPLETED PLANS

Janesville Man Has Prepared Designs to Rebuild the Burned Factory at Jefferson, Wis.

Architect Kyrie A. Morris has completed plans for a three-story factory building for the Wisconsin Mfg. Co. at Jefferson, Wis. The building is to replace the factory recently burned down. The dimensions of the building are 145x37. It is to be a solid brick structure, and will cost about \$8,000. Mr. Morris is also preparing plans for the rebuilding of St. Mary's Episcopal church of the same place, which was also recently destroyed by fire.

**Ray Marsden Escapes Again**  
Ray Marsden, the young man, who escaped from the Industrial School for Boys at Waukegan, after being there a few days, made a visit to the city yesterday and was at the home of his aunt, Miss Mary Kimball. The police were given a tip that the boy would be here Sunday and were on the lookout for him. They did not suppose he would take a chance of being caught by coming around in the day time, so an officer went down to Miss Kimball's about eight o'clock to see if he had been around. A small boy at the "mission" said when questioned that Marsden had been there but had left about seven o'clock and was going to Chicago. The officers then went to the station and found out that he had gone out of town on the front end of the blind baggage of the 9:15 p. m. Northwestern train. Some boys that went down to Harvard on the same train said that Marsden rode down with them.

**FUR OPENING**  
A chance to see all that is new in furs at our store Oct. 9th and 10th, Wednesday and Thursday. J. M. BOSTWICK & SONS.

## A CLASH OF AUTHORITY

Chaffee Disputes Jurisdiction of Manila Supreme Court.

### GRAVE LEGAL POINTS RAISED.

Rights of the Military Arm of the Government Involved—Question Comes Up Through Habeas Corpus Proceedings by an Ex-Soldier.

Manila, Oct. 7.—There is a misunderstanding between General Chaffee and the Supreme court regarding their respective jurisdictions. The questions arose over an ex-soldier who, while acting as a military messenger, refused to perform his duties and was deported. He was taken from a transport on a writ of habeas corpus. General Chaffee claims to have power equal to that of the Supreme court as they are both acting under the war power granted to the President, and, hence, he did not require the concurrence of the court to deport the man. The question is important as it involves the authority of the military system. The members of the Supreme court and a majority of the members of the Philippine commission hold opposite views, but it is understood that the attorney general believes the military contention to be correct. General Chaffee, discussing the matter today, said: "I am most desirous to sustain the civil courts in every possible day, but I feel that it would be very unwise in the existing circumstances to allow the civil courts to interfere in military affairs, as it is occasionally necessary for the military authorities to act in cases where it would be unwise in the interest of the government, to make public at the time the reasons for acting. Should the claim now made by the civil courts be allowed, it would be disastrous to the influence of the army in the island. Every prisoner sentenced by a military commission would have recourse to habeas corpus proceedings. Even Howard (the alleged deserter) is awaiting the decision in this case in order to try to secure his own release by a writ of habeas corpus." Tavera and Logarda have lost the libel suit they brought against a Spanish newspaper here. The disaster in Samar has produced general uneasiness, and strict orders have been issued to all the garrisons to guard against a similar surprise. The Congressional party that has been making a tour of the islands has returned here. The members of the party have picked up some curious odds and ends of information. They seem to be disappointed with the conditions they found existing in the Visaya islands, but appreciate the general scheme of a civil government. Major Morris C. Foote of the Ninth United States Infantry, who has returned here from the island of Samar, was in Balangiga the day before the disaster to company C. He says that Captain Connell had been fully warned, and had taken what he (Major Foote) considered every necessary precaution. Information that a plot was brewing among the Filipinos came to Major Foote from a priest, who said that it was in the plans of the populace at both Balangiga, and Basse to attack the garrisons, and that the Basse garrison was to be attacked from a cockpit in the rear of the barracks. Orders were immediately given to demolish the cockpit, and extra guards were stationed. There is intense feeling throughout the army because of the massacre, which would not be the case to any extent had it been the work of ordinary insurgents. Some of the after effects are already shown at many points, particularly at Baulan and Calocan, in the provinces of Batangas and Manila, where dissatisfaction is manifesting itself, although it is not likely to be allowed to go far.

Manila, Oct. 7.—There is a misunderstanding between General Chaffee and the Supreme court regarding their respective jurisdictions. The questions arose over an ex-soldier who, while acting as a military messenger, refused to perform his duties and was deported. He was taken from a transport on a writ of habeas corpus. General Chaffee claims to have power equal to that of the Supreme court as they are both acting under the war power granted to the President, and, hence, he did not require the concurrence of the court to deport the man. The question is important as it involves the authority of the military system. The members of the Supreme court and a majority of the members of the Philippine commission hold opposite views, but it is understood that the attorney general believes the military contention to be correct. General Chaffee, discussing the matter today, said: "I am most desirous to sustain the civil courts in every possible day, but I feel that it would be very unwise in the existing circumstances to allow the civil courts to interfere in military affairs, as it is occasionally necessary for the military authorities to act in cases where it would be unwise in the interest of the government, to make public at the time the reasons for acting. Should the claim now made by the civil courts be allowed, it would be disastrous to the influence of the army in the island. Every prisoner sentenced by a military commission would have recourse to habeas corpus proceedings. Even Howard (the alleged deserter) is awaiting the decision in this case in order to try to secure his own release by a writ of habeas corpus." Tavera and Logarda have lost the libel suit they brought against a Spanish newspaper here. The disaster in Samar has produced general uneasiness, and strict orders have been issued to all the garrisons to guard against a similar surprise. The Congressional party that has been making a tour of the islands has returned here. The members of the party have picked up some curious odds and ends of information. They seem to be disappointed with the conditions they found existing in the Visaya islands, but appreciate the general scheme of a civil government. Major Morris C. Foote of the Ninth United States Infantry, who has returned here from the island of Samar, was in Balangiga the day before the disaster to company C. He says that Captain Connell had been fully warned, and had taken what he (Major Foote) considered every necessary precaution. Information that a plot was brewing among the Filipinos came to Major Foote from a priest, who said that it was in the plans of the populace at both Balangiga, and Basse to attack the garrisons, and that the Basse garrison was to be attacked from a cockpit in the rear of the barracks. Orders were immediately given to demolish the cockpit, and extra guards were stationed. There is intense feeling throughout the army because of the massacre, which would not be the case to any extent had it been the work of ordinary insurgents. Some of the after effects are already shown at many points, particularly at Baulan and Calocan, in the provinces of Batangas and Manila, where dissatisfaction is manifesting itself, although it is not likely to be allowed to go far.

Manila, Oct. 7.—There is a misunderstanding between General Chaffee and the Supreme court regarding their respective jurisdictions. The questions arose over an ex-soldier who, while acting as a military messenger, refused to perform his duties and was deported. He was taken from a transport on a writ of habeas corpus. General Chaffee claims to have power equal to that of the Supreme court as they are both acting under the war power granted to the President, and, hence, he did not require the concurrence of the court to deport the man. The question is important as it involves the authority of the military system. The members of the Supreme court and a majority of the members of the Philippine commission hold opposite views, but it is understood that the attorney general believes the military contention to be correct. General Chaffee, discussing the matter today, said: "I am most desirous to sustain the civil courts in every possible day, but I feel that it would be very unwise in the existing circumstances to allow the civil courts to interfere in military affairs, as it is occasionally necessary for the military authorities to act in cases where it would be unwise in the interest of the government, to make public at the time the reasons for acting. Should the claim now made by the civil courts be allowed, it would be disastrous to the influence of the army in the island. Every prisoner sentenced by a military commission would have recourse to habeas corpus proceedings. Even Howard (the alleged deserter) is awaiting the decision in this case in order to try to secure his own release by a writ of habeas corpus." Tavera and Logarda have lost the libel suit they brought against a Spanish newspaper here. ## FOR THE CHILDREN.

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets. Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble. Thousands of people who are not sick, but are well and wish to keep

well take Stuart's Dyspepsia Tablets after every meal to insure perfect digestion and avoid trouble. But it is not generally known that that tablets are just as good and wholesome for little folks as for their elders. Little children, who are pale, thin and have no appetite, or don't grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crottsley, 538 Washington street, Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets fill all the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say 'tablets,' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit: "Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life."

MRS. W. T. DETILOPE. Subscribed and sworn to before me this 12th day of April, 1897. HENRY KARIS, Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full sized lozenges are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation. Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles, whether in adults or infants.

Two million Americans suffer the torturing pangs of dyspepsia. No need to Burdock Blood Bitters cures At any drug store. Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain. Don't let the little ones suffer from eczema or any torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

\$9.30 to Minneapolis and Return Via C. M. & St. P. Ry. Oct. 9th to 14th, good to return until Oct. 15th, with privilege of an extension until Oct. 31st. Acct. National Convention Christian Churches.

Home Seekers, It Will Pay You to Look Up Lands in Northern Wisconsin. The North-Western Line has large tracts of land for sale at low prices and easy terms of payment. If you are looking for a new location, where good land is cheap, this is your opportunity and now is the time to buy. Markets near by are Minneapolis, St. Paul, Duluth, Superior, Milwaukee, Chicago. The land is well timbered with a mixed hard wood growth, the soil fertile and easy of cultivation and there is a great abundance of pure, cold water. Remember the above points when you are looking for land. For illustrated folder and further free information address Geo. W. Bell, Land Commissioner, Hudson, Wis., or G. H. MacLae, Assistant General Passenger Agent, St. Paul, Minn.

Excursion Tickets to Milwaukee Exposition, Via the North-Western Line, will be sold at reduced rates, Tuesdays, Thursdays and Saturdays, limited to return until and including the following Monday. Apply to agents Chicago & North-Western R'y.

## WISCONSIN STATE BAPTIST SOCIETY

Wisconsin People Who Will Attend the 57th Annual Meeting, Which Opens at La Crosse Tonight.

The Baptist church of this city will be represented by Judge B. F. Dunwiddie and Miss Kittie Stoddard at the fifty-seventh annual meeting of the Wisconsin state Baptist societies, which will open this evening and will continue through Thursday. Miss Stoddard is sent by the Christian Endeavor society as its delegate. Rev. Richard M. Vagham had expected to attend the convention but other duties have made it impossible.

The meeting at La Crosse promises many splendid things. A meeting of the board of the convention was held this afternoon at 2:30 o'clock, at which time delegates were expected to register. The Wisconsin Baptist Ministerial union will hold a meeting at the First Baptist church this evening at 7:30, at which the Rev. George W. Smith of Evansville will speak. The first business session will take place tomorrow morning and the afternoon session will be given over to the meeting of The Woman's Union Missionary society.

A song service will be held Wednesday morning which will be followed by short addresses by Mrs. J. H. Openshaw, missionary to Western China; Miss Edith Holstein of Milwaukee; Miss Julia Austin of Chicago; and Miss Louise Teschlich, missionary to China. Devotional services will be held in the afternoon followed by the lecture of officers and an open discussion.

The annual session of the Baptist Young People's union will be held on Wednesday evening, and on Thursday the day will be taken up with the business sessions of the various auxiliary societies, which will conclude with a lecture Thursday evening by Boston W. Smith, better known as Uncle Boston, whose topic will be "The Gospel on Wheels." E. J. Lindsay of Milwaukee is at present the presiding officer of the United state societies and the Rev. O. P. Pastor of La Crosse is secretary.

France Menaced by Big Strike. Paris, Oct. 7.—In spite of the efforts of the national government, which appointed a parliamentary commission to study the grievances of the miners of northern France, it now seems that a great general strike is about to be declared on the part of 160,000 miners. Such a strike would constitute the biggest labor movement of this kind in the history of France. By general vote the miners for the second time have signified their intention to stop work unless the following conditions are granted: A guaranty that their salaries shall not drop below a certain fixed minimum; an eight-hour day, including the time expended in going into and mounting from the mines; a quarter of an hour for lunch; a pension of two francs a man after twenty-five years of service. The companies owning the mines without exception refused one and all of the above demands, and agree that a strike is inevitable.

Morgan Is After Lapland's Mines. Stockholm, Oct. 7.—It is rumored that J. Pierpont Morgan is negotiating with the Gällivara Iron Mining company to take over all the iron fields of Lapland. If this deal should be seriously attempted the government would certainly interfere, for it is the fixed purpose of both the executive and legislative branches to forestall dangerous jobbing by foreign capitalists in the Swedish Rand. It is expected that parliament, which meets in January, will take up this matter especially and will put the iron deposits of Lapland on a basis satisfactory to the country's sense of what is required to secure it from undesirable foreign invasion.

Astronomy Brought About a Match. Paris, Oct. 7.—The engagement has been announced of Miss Dorothea Klumpke of San Francisco, the sister of Rosa Bonheur's heir, to Dr. Isaac Roberts, the famous English astronomer. Miss Klumpke is an officer of the French Astronomical Society and the directress of the Photographic Bureau of the Paris Observatory. She has obtained results only surpassed by Dr. Roberts himself. The exchange of stellar photographs was the beginning of the romance which has resulted in the engagement of the two astronomical enthusiasts.

Abducted Daughters of Russian Count. St. Petersburg, Oct. 7.—The three daughters of Count Schaplow, aged respectively eight, seven and four years, were abducted from the French school that they were attending. The girls were unable to speak Russian, having been brought up by a French governess. The crime is supposed to have been committed to withhold from the children a legacy of 50,000 rubles, to which each was entitled.

Ancient Maps Are Found. Berlin, Oct. 7.—There have just been found in the historic castle of Wolfegg, Wurtemberg, the first maps that contain the name and geographical outlines of America. The maps bear, respectively, the dates 1507 and 1516, and are stated to be in a remarkable state of preservation. The first, it is believed, was drawn under the personal supervision of Columbus.

Japan to Float Loan. London, Oct. 7.—"It is reported here," says a dispatch from Berlin to the Standard, "that Japan will raise a loan of 50,000,000 yen, including 5,000,000 yen for the island of Formosa, in the United States."

Kinules anew the fires of youth, balnances up the joys and sorrows of life. It's vain and foolish not to use Rocky Mountain Tea made by Madison Medicine Co. 35c. Smith's Pharmacy.

Shaffer Visits Milwaukee. Milwaukee, Wis., Oct. 7.—President Theodore J. Shaffer of the Amalgamated Association of Iron, Steel and Tin Workers, it was learned to day, made a flying trip to Milwaukee, remaining only long enough to make a short speech to a few strikers. It is said that not more than fifteen or twenty of the strikers heard him. The substance of Mr. Shaffer's remarks was that all members of the Amalgamated association who are now at work in the Hay View mills who do not walk out at once will be considered as black sheep unless the mills are paying the Amalgamated scale in all departments.

Shaffer Visits Milwaukee. Milwaukee, Wis., Oct. 7.—President Theodore J. Shaffer of the Amalgamated Association of Iron, Steel and Tin Workers, it was learned to day, made a flying trip to Milwaukee, remaining only long enough to make a short speech to a few strikers. It is said that not more than fifteen or twenty of the strikers heard him. The substance of Mr. Shaffer's remarks was that all members of the Amalgamated association who are now at work in the Hay View mills who do not walk out at once will be considered as black sheep unless the mills are paying the Amalgamated scale in all departments.

U. S. Troops Hut After Philippines. Manila, Oct. 7.—General Hughes cables from the island of Samar that Balangiga, where the disaster to Company C of the Ninth regiment occurred is in ruins, and that Col. De Ruy of the Eleventh infantry, who, on hearing of the slaughter, immediately started for the scene with a battalion, is closely following the Filipinos. The congressional party, on its arrival at Jolo, was refused an interview with the sultan, who gave sickness as his excuse. The natives say that the sultan is well and that he had other reasons for refusing to receive the visitors from Washington.

Ex-Vice-President's Daughter Married. London, Oct. 7.—It was a stately and impressive ceremony that united in marriage at St. Mary's church, Cadogan street, Chelsea, according to the Roman Catholic rite, the beautiful Helen Morton and Comte De Perigord, son of the Duke and Duchess De Talleyrand. It was a distinguished gathering in appearance as well as in fact, that just comfortably filled the edifice. The newly married couple started for France on their honeymoon.

Flight of Gov. Yates. Buffalo, Oct. 7.—Illinois had a narrow escape. Niagara Falls played a mean trick on Governor Yates and nineteen of his staff this evening, or maybe it was Speaker Sherman who turned off the power. Anyhow the governor's staff and guests were, by a failure of trolley power, left marooned in the Canadian woods for hours, adrift in a low, rakish, piratical trolley car.

Asks \$3,000 for Her Kisses. Sheboygan, Wis., Oct. 7.—A circuit court jury awarded Mrs. Bouiska of the town of Adell a verdict for \$500 as bail. Peter Nugent was the defendant in the case. He promised Mrs. Bouiska \$1 for every kiss she gave him. Failing to collect she instituted suit. She asked the court for \$3,000 damages.

Cyclone in English Channel. London, Oct. 7.—A violent gale prevailed throughout northwest Europe. Much damage was done along the British coasts and inland. Some fatalities are reported. There were a cyclone and a waterspout in the English channel. Steamers had the roughest sort of passage.

YOUR CHILD IS IN DANGER. From many diseases. Children who are well nourished successfully resist disease to which an ill-nourished child succumbs. Your child has enough food. Does the food make flesh? If not there is something wrong with the stomach and other organs of digestion and nutrition. That wrong can be quickly righted by the use of

• DR. PIERCE'S • GOLDEN MEDICAL DISCOVERY. In ninety-eight cases out of every hundred it completely cures indigestion and other diseases of the digestive and nutritive system in both young and old. You can consult Dr. Pierce by letter free. Address Dr. R. V. Pierce, Buffalo, N. Y.

FREE! Dr. Pierce's Medical Adviser, paper covers, is sent on receipt of 21 cents to pay cost of mailing only. Address Dr. Pierce, as above.

WE DON'T DISCOLOR YOUR WHITE SHIRT. Our work is done as carefully as you would have it done at home. We use special care, thus saving many a garment which would go to pieces otherwise.

RIVERSIDE LAUNDRY. C. J. Myher, Prop. Milwaukee St. Bridge.

No External Symptoms. The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. Duff, Princeton, Mo.

Shoes & Clothing. Two Complete Dept.

## SCHOOL HOUSE YARDS

Government Bulletin Suggesting Improvement for Country School Grounds by Tree Planting.

"Tree Planting on Rural School Grounds" is the title of a bulletin sent out by the United States department of agriculture. It was prepared by Wm. L. Hall, assistant superintendent of tree planting, bureau of Forestry.

The bulletin calls attention to the fact that a great number of school houses in the United States lack the surroundings that make for comfort and contentment. City school grounds are often so small that planting is out of the question, though where space permits, it is not uncommon to find them carefully laid out, with a good arrangement of grass plots, flower beds, and shade trees. In towns and villages, also, may be pointed out many examples showing neat care and attention. In the country, however, an improved school ground is rarely found. In hilly, forest regions they are often denuded of soil and full of stones and stumps, and on the prairie many are well high as bare, bleak and inhospitable as when they formed a part of the unsettled plain. The paper points out the need of rural school grounds and indicates methods for their improvement. Important lines of study are suggested for teachers and schools in connection with trees and forests, and the information and advice given apply to country churchyards and to schoolyards in many towns and villages.

Farmers' Bulletin No. 137. Owing to the great popular interest manifested in the Angora goat industry, as a result of the circulation of previous publications on that subject the department has just issued farmers' bulletin No. 137 entitled "The Angora Goat." It was prepared by George Fayette Thompson, editorial clerk, bureau of Animal Industry.

This bulletin states that there are about 400,000 Angora goats in the United States, and that our annual production of mohair is about 1,000,000 pounds. These goats which have been heretofore almost wholly confined to the West and Southwest, are now being shipped to every state in the Union. They are among the most useful of the domestic animals, and their usefulness is manifested in various ways. The fleece, called "mohair," furnishes some of the finest fabrics among ladies' goods, and is used in various other manufactures. Their habit of browsing enables them to help the farmer in clearing away brush and subjugating the forest.

The bulletin contains much information concerning the origin, history, and use of this domestic animal, which will be of special interest to all who may contemplate embarking in the Angora goat industry.

F. H. Hutchinson, G. H. P. James A. Fathers, G. Treas., C. W. Schwartz V. P. Dept. C. W. J. McIntyre, Wm. Charles Barnard of Beloit spent Sunday with relatives in this city.

Not the Way He Wanted It. "You promised me a kiss. May I take it?"

"Surely," she replied. "A first class baseball player like you would derive no satisfaction from simply taking a kiss. Stand off across the room and I'll throw you one."

Even meritorious proficiency in some lines may be regretted at times.—Chicago Post.

**Yonkers Girls' Ways.** Patience—I always like to see the prices printed on the menu card opposite each dish when I'm with Will. Patrice—Why so? "Oh, if the prices are not printed I'm afraid of ordering something cheap."—Yonkers Statesman.

**In the Dim Past.** Weary Walker—I don't know o' nothin' 't makes yer madder dan ter git soap in yer eyes w'en yer takin' a bath an' de towel's outer—Dusty Rhodes—Gee whiz, you got a great memory!—Philadelphia Press.

**An Acknowledgment.** "A man sometimes attaches a great deal of importance to himself," remarked Mr. Meekton's wife. "Yes," answered Leonidas, with a Chesterfieldian air, "especially when he gets married."—Washington Star.

**A Palace Sleeping Car.** Have you lithered in the smoking room? Of a palace sleeping car. Keeping tab upon the water tank. As you smoke your last cigar? Have you observed the tumbler? Has it occurred to you The many different uses That people put it to?

Here's a fellow with a colic—His face is pale and drawn—Pours paragonic in it And bids his pain begone. Next comes a hillyon drummer, Who at the tumbler halts And fills the vessel libberly With a slug of opium salts.

He's followed by a person With the customary whim That a scintilla power nighty Is just the thing for him. And on his heels comes some one Who fancies something hot And takes a swig of Radium To touch the chilly spot.

One takes a morphine tablet, Which the tumbler has to drown, And another drinks a bumper To help a blue pill down. One mixes up a gargle And one a lemon squash; Another gives his mouth a bath And then his teeth a wash.

You may talk of golden beakers; You may toast of pewter mugs; You may chortle over tankards And rare of silver jugs. But there's not a drinking vessel In restaurant or bar That's in it with the tumbler Of a palace sleeping car! —Detroit Journal.

**Coins That Weighed Five Pounds.** The first known coin is Chinese. It is copper, and specimens weighing from one to five pounds, and supposed to date from a period of at least 2,000 years before Christ, are still in existence.

## Why Pay High Stove Prices

ELSEWHERE! When for less money you can purchase at CANNON'S the same stove or one just as good. We have placed on sale

A Complete Line of New Stoves OF THE FAMOUS

**Jewel, Joy & Tropic**

manufacture. Don't think of buying a stove till you get our prices. You will undoubtedly find here just what you want. See our \$8.50 Stove.

**Good, Durable Stoves, From \$2.50 to \$20.00**
